## EXPERIENCE

### Frontend Web Developer RGBA

July 2016 - Present, Remote

- A full service digital design studio- I work closely with designers and developers to build digital web experiences that are elegant and seamless to use on all platforms. Technologies include: HTML, CSS, JavaScript/ jQuery, NodeJS
- Projects include: Dev lead for the upcoming [shaunwhite.com](https://shaunwhite.com) (coming soon) and Adventure Times - an outdoor mobile app company that allows users to find the best adventures wherever they go.

### Web Development Immersive Remote General Assembly

March 2017 - June 2017, Remote

- Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development.
- **Fit Kids:** A three-model MEAN stack application for creating and sharing activities for children that encourage an active lifestyle.
  - TECH: HTML, CSS3, JavaScript, AngularJS, MongoDB, Express.js, Express-Session, Bcrypt, Body-Parser, Chart.js
- **Getfit:** Two-model CRUD web application for creating fitness posts.
  - TECH: HTML, CSS, MongoDB, Mongoose, EJS, Express, Express-Sessions, Bcrypt, Body-Parser

### Administrative Assistant Pilates Metro

December 2015 - July 2016, Los Angeles, CA

- Prepared and managed projects, audits and analyzed business plans.
- Worked under tight deadlines to manage client files, schedules and data entry.
- Coordinated paperwork and information flow in office.
- Collected payments and managed transactions.
- Answered phone calls, emails and voicemails as needed.
- Provided great customer service and a welcoming environment for clients.

### Sales and Customer Service Representative Benefitness Health Club

May 2014 - August 2015, Boston, MA

- Worked on upselling products and services, created seasonal marketing ideas, worked in teams to execute sales ideas and new promotions.
- Assisted with prospective member tours and sold memberships to incoming customers.
- Coordinated and conducted orientation training sessions with the goal of ensuring proper use of equipment, and reducing unnecessary injuries to members.
- Answered customer phone calls and assisted with registration for fitness classes.
